

GRILL Baster

Cleaner gel for baking industries, hot-air steamers, ovens and barbecue grills

Item no. 2026

GRILL Baster powerfully and environment-friendly removes

- extremely burned baking and grill remains,
- especially incrustated remains of fats and oils,
- protein, starch and grime and their combustion residues.

GRILL Baster is the uncompromising power gel with new formula

- self-acting on cold and warm surfaces,
- does not produce poisonous vapours,
- environmentally compatible on the basis of renewable raw materials.

Areas of application and recommended dilution:

Undiluted

Areas of application are baking ovens, baking trays, barbecue grills, barbecue grill racks, hot air steamers, chip pans, glassceramic surfaces, pots, pans, cooking plates, oven glasses and much more.

Apply the product and let it act, depending on the pollution, for some minutes until 3 hours (in case of need overnight) and rinse afterwards with plenty of fresh water.

Do not apply the product to non-ferrous metals, aluminium or varnished surfaces!

Characterisation:
