

E 75 SPEZIAL

Versatile kitchen and cooking kettle cleaner

Item no. 2160

E 75 SPEZIAL

- is the special acidic cleaner for the entire kitchen area
- cleans kettles and copper utensils and removes annealing and tarnishing stains
- is used in large kitchens, canteens, hospitals, nursing homes and butcheries

E 75 SPEZIAL

- removes incrustations, protein, fat, starch and lime coatings in one operation
- can also be used for the acidic cleaning of kitchen surfaces and floors
- replaces bad-smelling vinegar cleaners and is skin and material friendly

Areas of application and recommended dilution:

1:3 – 1:5

Strong incrustated cooking kettles

Let the diluted product act for 2 to 3 minutes, remove incrustations with a cleaning sponge and rinse thoroughly with fresh water after application.

1:5 – 1:10

Copper dishes and slightly soiled cooking kettles

Soak the dishes and let it act for a few minutes, remove the soiling with a sponge and rinse with fresh water after application.

1:10 – 1:20

Kitchen surfaces and floors

Surface and maintenance cleaning by spraying or wiping.

1:10 – 1:20

For daily cleaning of egg boiling baths

Hot water increases the cleaning power and the economic efficiency.

Do not use on marble!
