

E 90 SUPER

Unscented high-performance descaling agent

Item no. 2170

E 90 SUPER descales fast and safely

- ice cream, coffee and dishwashing machines,
- cooking pots, boilers, stainless steel sinks and teapots,
- heat keeping devices, dishes and fittings.
- Including metal- and tarnish protection for the entire kitchen-area.

E 90 SUPER works powerfully and disinfecting against

- any kind of calcifications,
- coffee and tea sediments,
- algae, rust and mineral deposits.

Areas of application and recommended dilution:

Depending on the calcification, let the diluted product act on the related parts and surfaces. Rinse thoroughly with fresh water after application.

Undiluted - 1:4	nozzles of dishwashers, flow regulators etc.
1:4 - 1:10	in case of strong calcification
1:10 - 1:50	maintenance cleaning of machines, sinks, fittings etc.
From 1:100	preventive use in heat keeping devices.
