

RH 300 BOOSTER

Extra-strength resin remover

Item no. 2230

RH 300 BOOSTER, the uncompromising cleaner for toughest cases

- effortlessly removes burnt-in fats, resin and oil deposits,
- effortlessly removes persistent protein, blood or starch staining,
- develops long lasting and strong foam.

RH 300 BOOSTER is suitable for professional cleaning of

- smokehouses, resin equipment and tiles,
- smoking carts and devices,
- steel baking sheets and oven carts for bakeries.

Areas of application and recommended dilution:

1:10 – 1:20

smokehouses and resin equipment

apply the diluted product as hot as possible by foaming on the dirty surfaces. Heat the smokehouse up to 90 °C and let it act for 15 minutes, rinse afterwards with plenty of fresh water. Wear suitable protective clothing!

1:20 – 1:50

smoking devices, oven carts, steel baking sheets

apply the diluted product by foaming or spraying on the dirty surfaces and let it act for a few minutes, rinse afterwards with plenty of fresh water. Smaller parts may be cleaned in an immersion bath. Hot water increases the cleaning power and the economic efficiency.

1:50 – 1:100

easily soiled steel baking sheets and oven carts

in case of slight contamination and daily use, apply the product as described above.

Do not apply the product to non-ferrous metals, aluminium or varnished surfaces!
