

SR 3000

Self-acting foam cleaner with chlorine

Item no. 2240

SR 3000

- is ideal for alkaline cleaning in all food-processing businesses
- cleans commercial kitchens, canteens, bakeries and butcheries
- also suitable for hospitals, nursing homes and public swimming pools

SR 3000

- cleans all tiled and alkali resistant surfaces as well as stainless steel
- removes oil, grease, protein residue and blood stains with the power of chlorine
- bleaches tea, coffee and fruit stains

Areas of application and recommended dilution:

1:20 - 1:50

Dilute SR 3000 and apply the product with a foaming device. Allow it to take effect for a few minutes before rinsing with plenty of water. In case of stubborn dirt (e.g. in joints), scrub with a brush.

Store SR 3000 in a cool place protected from sunlight.

Do not apply to aluminium, other light alloys or non-ferrous metals.

Do not mix with acidic cleaners.
