

GLAWI

High-concentrated glass cleaner with bio-alcohol

Item no. 2600

GLAWI is the clean solution for all smooth surfaces

- soilings are removed fast and completely,
- antistatic contents protect against new staining,
- cleaned surfaces dry off streak-free.

GLAWI stands for gentle power in concentrated form

- for mirrors, tiles, ceramic, synthetic- or metal-surfaces,
- windows including frames are cleaned in one go,
- floors and marble surfaces shine like new.

Areas of application and recommended dilution:

1:500

Add approx. 20 ml to 10 l warm water and wash the surfaces with a cloth or sponge. Afterwards rub down with a squeegee or lint-free cloth. In case of heavily soiling, add more GLAWI into the water.

Characterisation:
