

## SCHAUMBREMSE

Anti-foaming agent for cleaners

Item no. 2800

**SCHAUMBREMSE** prevents undesired foam build-up

- every cleaner foam is effectively neutralized,
- as cleaner additive foaming-up is slowed-down,
- suitable for sewage and clarification plants.

**SCHAUMBREMSE** does not affect the cleaning effect

- silicon-free formula leaves no deposits,
- suitable for use in cleaning devices and high pressure equipment,
- certified additive for all neutral and alkaline cleaners.

### Areas of application and recommended dilution:

**1:10 – 1:20**

#### Manual de-foaming

Dilute SCHAUMBREMSE and spray the product from above to the undesired foam of cleaning agents, proteins or wastewater. After the foam collapse rinse with fresh water.

**1:100 – 1:1000**

#### Foam suppression in cleaning devices

Add SCHAUMBREMSE in a suitable concentration to the cleaning solution.

#### Characterisation:

##### Appearance:

Milky emulsion with a mild scent.

##### Ingredients:

Preparation from de-foaming and emulsifying agents in water. Free of amides and silicone oils.

##### pH value:

Neutral.

All ingredients are biologically degradable.

This product data sheet has been created according to the most current standard of technology. We do however not guarantee for correctness and completeness. No liability for damages due to improper application. update March 2016
