

## MONIL<sup>®</sup>-AFR 100

Special cleaner for aluminium facades

Item no. 4045

**MONIL<sup>®</sup>-AFR 100** is the powerful alcoholic cleaner for

- aluminium and anodised aluminium facades,
- varnished or powder-coated surfaces of aluminium,
- doors, window frames, jalousies and much more!

**MONIL<sup>®</sup>-AFR 100** cleans reliably and streak-free

- removes environmental pollution, oil and grease,
- protects materials made of (anodised) aluminium and stainless steel,
- cleans and maintains the brightness of varnished surfaces.

### Areas of application and recommended dilution:

**1:10 – 1:50**

Apply the diluted product for surface cleaning, let it act for 2-3 minutes, remove the released dirt with a sponge, cloth or a nylonpad and flush thoroughly with water.

1 litre diluted solution is adequate for approx. 20 m<sup>2</sup>, depending on the pollution.

### Characterisation:

#### Appearance:

Blue liquid.

#### Ingredients:
