

## AKTIV-SCHAUM

Concentrate for pre-washing in car-wash facilities

Item no. 4090

**AKTIV-SCHAUM** is the cleaning additive for all pre-washing foam-arches

- pH neutral – therefore extra gentle to varnish and plastics,
- can be combined with other cleaners and wax compounds,
- certified and listed by DEKRA Umwelt GmbH.

**AKTIV-SCHAUM** is the ideal pre-wash for all car-wash facilities

- immediately forms a thick, extensive foam,
- dissolves heavy soiling quickly and gently,
- due to its high concentration, it is extremely economical in use.

### Areas of application and recommended dilution:

**1:500 – 1:1000**

Fill in the product in the dosage device of the car-wash facility and adjust the concentration to obtain sorts of foam from semi-moist to a dry snow-effect. AKTIV-SCHAUM should be pre-diluted with water at a ratio 1:2 for some facilities.

Optimal results will be achieved in combination with HWR-safety cleaners for

- ☞ main-wash:
- ☞ preservation:

MONIL-SHAM, Item no. 4100  
MONIL-KON, Item no. 4120
