

## MONIL®-SHAM

Car shampoo concentrate

Item no. 4100

**MONIL®-SHAM** is the ideal main wash for all car wash facilities

- pH neutral – therefore extra gentle to varnish and plastics,
- highly concentrated – therefore very economical in use,
- certified to ÖNORM B 5105 and by DEKRA-Umwelt GmbH.

**MONIL®-SHAM** is the car shampoo with a wide range of applications

- dissolves even heavy soiling,
- equally suitable for car wash facilities and manual washing.

### Areas of application and recommended dilution:

**1:100 – 1:500**

#### Car wash facilities

Fill in the product in the dosage device of the car-wash facility and adjust the favoured concentration. MONIL®-SHAM should be prediluted with water at a ratio 1:2 for some facilities.

#### Manual car cleaning

Apply the product with a sponge, a foam-gun or with a highpressure device and clean as usual. For air-drying of vehicles we recommend MONIL®-FLÜ (Item no. 4110).

Optimal results will be achieved in combination with HWR-safety cleaners for

☞ pre-wash: :	AKTIV-SCHAUM, Item no. 4090
☞ preservation:	MONIL®-KON, Item no. 4120
