

MONIL®-FROSTY

Anti-freeze for windshield washers in cars
Item no. 4136

MONIL®-FROSTY is an additive for windshield washers for winter use

- prevents the windshield washer system from freezing,
- cleans intensive and streak-free in every winter situation,
- depending on concentration, frost-proof up to minus 70°C.

MONIL®-FROSTY offers many advantages

- gentle to varnish, wipers and rubber sealing,
- free of methanol, NTA, AOX,
- suitable for all kinds of vehicles.

Areas of application and recommended dilution:

MONIL®-FROSTY is suited for all windshield washers of cars, trucks, omnibuses and tram lines. Add the concentrate to the storage tank of the windshield washer and top up with water. Depending on the desired antifreeze, choose a dilution between 1:1 (up to - 27 °C) and 1:5 (up to - 8 °C). You may also use the undiluted product for deicing door locks and shields.

Do not mix with other cleaning agents.

Undiluted	=	antifreeze up to - 70 °C
1 : 1 diluted with water	=	antifreeze up to - 27 °C
1 : 2 diluted with water	=	antifreeze up to - 20 °C
1 : 3 diluted with water	=	antifreeze up to - 14 °C
1 : 5 diluted with water	=	antifreeze up to - 8 °C
