

MONIL®-HWP d

Hand wash gel for industry and craft
Item no. 4400

MONIL®-HWP d, the skin-friendly hand cleaner

- removes fats, oils and other persistent soilings,
- does not clog up drains and is silicon-free,
- very skin-friendly due to skin-protecting substances.

MONIL®-HWP d was especially developed for use in

- car and repair workshops,
- heating and air-conditioning companies, chimney sweepers,
- industry and crafts,
- and where traditional hand soaps fail.

Areas of application:

Convenient handling is possible with our practical HWR-soap dispensers.

Take out approx. 5 ml MONIL®-HWP d in your dry hands and rub them first of all without additional water. Then wash up the released dirt with water.

Warm water increases the cleaning power.

For optimal skin care for work-related, stressed hands, we recommend in the scope of a skin protecting plan:

For preventive skin-protection: HAND-SAFE (Item no. 4450)

For daily regenerative skin-care: HAND-CARE 24 (Item no. 2776)
