

LS-2000

Foam-building leak-finding agent

Item no. 5340

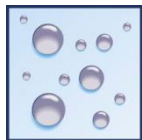

LS 2000 is a multi-purpose leak finder

- outstanding for finding leakages,
- neutral to all materials,
- approved to DIN standards by the DVGW.

LS 2000 is used to find even the smallest leakages

- on gas pipes, camping equipment, gas heating systems,
- on valves, slides, screw fittings,
- on tires, valves, packing boxes...

Areas of application and recommended dilution:

Undiluted:

Spray LS 2000 directly on the area, which has to be tested.
The formation of bubbles indicates immediately a leakage.

Characterisation:

Appearance:

Colourless liquid without scent.

Ingredients:

Preparation from glycol, tensides and corrosion inhibitors in water. Aerosol cans include a non flammable aerosol propellant. Free of CHC and CFC.

Certificates of quality:

German Technical and Scientific Association for Gas and Water, Bonn.

This product data sheet has been created according to the most current standard of technology. We do however not guarantee for correctness and completeness. No liability for damages due to improper application. update July 2015
