

## PEN-EX

Plastic and surface cleaner

Item no. 2840

### PEN-EX

- effortlessly removes smearings of crayons, pencils, pens and permanent markers
- cleans all kinds of surfaces made out of plastic as well as metal or treated wood
- is powerful in cleaning while treating materials with care

### PEN-EX

- was formulated to be non-hazardous and thus can be used versatily
- is particularly suitable for public institutions, such as in schools or universities
- can also be used in busses, trains and other public transport

## Areas of application and recommended dilution:

**pure:** Spray or wipe PEN-EX on the surfaces to be cleaned. Depending on the soiling, leave to act and then wipe off:

- pencil, pen and regular dirt can usually be wiped off immediately.
- With permanent markers, a visible peeling effect occurs within approx. 30 seconds. Retreat any shadows.

Notes: Sensitive plastic surfaces and lacquers may be attacked and should therefore be tested for compatibility in a concealed place. Do not use on untreated wood!

PEN-EX is also ideal for use in our dispenser buckets (8P8100) with fleece rolls for self-soaking (8P8000).

## Chemical characterisation:

### Appearance:

colourless liquid with a fruity scent

### Ingredients:

Preparation from surfactants, watersoluble solvents, parfure and auxillaries.

Free from ammonia, acids, AOX and other aggressive solvents.

All surfactants and solvents are readily biodegradable

### pH-value:

10: slightly alkaline
